

Vote NO on Charter Amendment J. This measure will establish the municipal election to be held in March of odd-numbered years. Data reveals much lower voter turnout in municipal elections compared with consolidated elections held in November of even-numbered years. Low voter turnout may result in the citizens not being properly represented, leading to "unrepresented government". It may also decrease the validity of our local government. Vote NO on J! We need an election date that serves the citizens, statistics show that date is not in March but it is in November of even-numbered years!
